Message from

J. J. Rico, CEO, Disability Rights Arizona

Thank you to all of our supporters, attendees, presenters, organizers, and vendors for putting on our outstanding, dynamic 13th Annual African American Conference on Disabilities. We were impressed by the turnout and the community engagement at this year's conference.

It is an honor to be involved with a conference that has such a large impact on the community, not only locally in Arizona, but throughout the country and internationally, as well.

I encourage all participants to take what they have learned from the conference to empower their community. We also encourage everyone to vote in the upcoming elections to ensure their voice is heard and counted.

We will continue to hold our conference in 2025, but in order for that to become a reality, ***we need your financial support and sponsorship.***

Again, thank you and I hope to see you at the 2025 conference.
